

Late Registration Process

Registering after a class has started

To register on or after the first day of class, you need to get instructor consent (student petition). Register for your class before the late add fee.

Late add fee

The late add fee will be applied on the 4th business day following the first official day of class.

- So if your class starts on a Monday, you must be registered by the end of the business day on Thursday or you will be charged the late fee of \$50.
- The \$50 fee is applied to each class

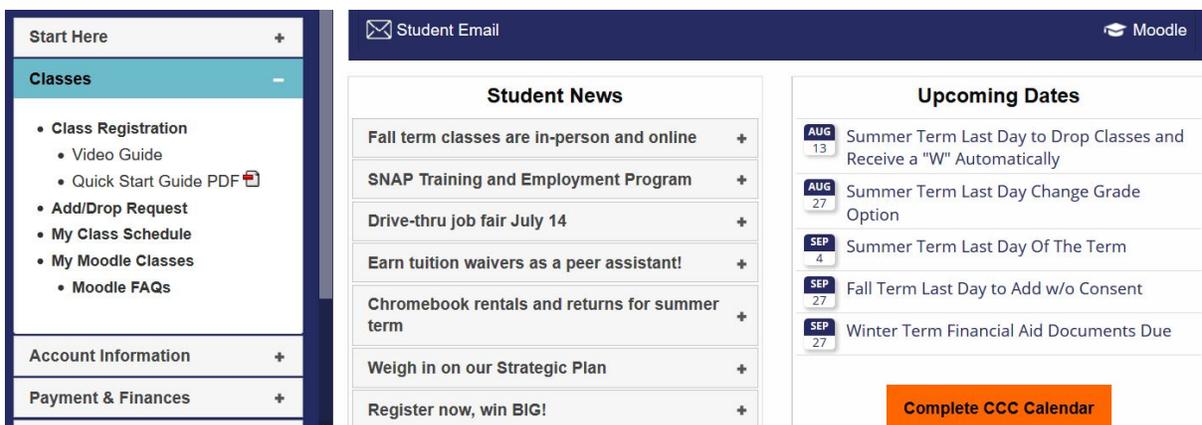

To avoid this fee, make sure you are registered for all of your courses in a timely manner.
