All about Phi Theta Kappa!

Why did you join PTK?

"I joined PTK because I personally wanted self-recognition for my hard work. I wanted to step out of my comfort zone and do something I would not normally do."

What is something you feel everyone should know about being a PTK member?

"I feel that others should know that PTK is what you make of it. The work and participation that you put into PTK, you will get back, and more."

Why did you decide to be a chapter officer?

"Though I've said this before, it holds true to this question; I wanted to push myself outside of my comfort zone and do something I wouldn't otherwise do. It allows me to learn more about PTK and its wonderful members in a way that I would not have the opportunity to get to know as in depth as I do as an officer. I also wanted to be open minded to learning new and unexpected things."

Chapter Officer Goals:

"To improve my comfort level with being in a role that has more responsibility and to help bring people together; to try to create a safe space for those who want to be there."

Life at CCC!

What is one thing that you love about attending classes at CCC?

“I love the class size. The smaller class size creates a more comfortable environment for me to participate in. Smaller classes allow the instructor to take more time to answer questions and to spend more time with the students in general.”

If you could improve upon one thing on campus, what would it be and why?

“It seems silly, but I would improve the menu options in the cafe. I felt like there could be healthier options than what I saw on campus (I could also just have not been educated as to where the healthier options are).”

What are your plans after CCC?

“I want to transfer to a university to get a BA in ASL Studies. I want to work with the deaf community in some way.”
